Hyderabad, India

Summary

B-Tech Information Technology student passionate about learning new technologies and integrating AI into real-world problems to build impactful solutions. As a student I am passionate in using AI tools, making projects. Interested in multiple internships so that I can have experience and get levelled up for my future.

Education

MAHATMA GANDHI INSTITUTE OF TECHNOLOGY , Hyderabad Bachelor of Engineering in Information Technology	Sep 2024 – Present 8.99/10
ALPHORES JUNIOR COLLEGE Intermediate	Jun 2022 – Apr 2024 97%
SIDDARTHA HIGH SCHOOL Schooling	Jun 2012 – Apr 2022 9.8 GPA

Technical Skills

- Languages** : C , Python , Data Structures
- Tools**: GitHub, Draw.io, Tableau, Overleaf , VScode

Certifications

CNA: Cisco Network Academy – Operating System Basic
SNMC: ServiceNow Micro Certification
SNAF: ServiceNow Administration Fundamentals
TCS ioN(AI for ALL): Generative AI Essentials

Participation

Participated in hackthon :**Hacksaavy-2025** - Made a project that is Alcohol Detection and Sleep Detection during Driving .
Participated in hackthon :**Hacksaavy-2026** – Made a Project about finding whether the image is real or AI- based on. t
Participated in **Smart India Hackathon – 23rd – 24th SEP 2025** , creating a project on the Smart tourist monitoring and incident response system using AI , GEOFENCING and BLOCKCHAIN based digital ID.

Project

Virtual Keyboard

Developed a gesture-controlled virtual keyboard using Python, OpenCV, and MediaPipe Hands for real-time hand tracking and gesture-based typing.

Link Graph Navigator

Developed an AI-powered Website Explorer using Streamlit and Gemini AI for intelligent website crawling and question answering.

2d Image to Dot cloud Image

Built a web-based application with Flask, OpenCV, and PyTorch for image processing, depth estimation, and 3D model visualization.
